

Installation & Aftermarket Catalog

GENERAC®

Reduce installation costs,
enhance performance and
increase efficiency.

Save Time on Installation

AFTERMARKET ACCESSORIES

Generator GenPads

- Takes less time to install than pea gravel and pouring concrete pads
- Covered under the lifetime warranty of the generator
- Air-Cooled GenPads fit all Air-Cooled Generac 8-24kW automatic standby generators, plus Honeywell
- Liquid-Cooled GenPads fit all Liquid-Cooled Generac 22-48kW standby generators

Air-Cooled Part Numbers

10000007852 - 54" x 31" x 3"

10000007848 - 54" x 31" x 4"

Liquid-Cooled Part Numbers

A0000516140 - 90" x 41" x 4"

10000005771 - 83" x 41" x 4"

10000044173 - 70" x 37" x 4"

Generac Battery Program

- Full line of batteries available to all dealers
- Stock delivery and rotational program available
- Incredible value

Part Number:

26R: 0H3421S

26: 077483S

24F: 058208S

27F: 058665S

31: 061119S

4DLT: 061915S

8D: 061104S

Flex Lines

- Allow for quick, easy connection to the fuel supply
- Reduces long runs of black pipe and need for multiple elbows to reach the generator

Part Number:

10000000498 1" I.D. x 24" LG

10000000499 1" I.D. x 48" LG

10000000500 1" I.D. x 72" LG

10000009776 3/4" I.D. x 48" LG

10000009777 3/4" I.D. x 72" LG

10000009793 3/4" I.D. x 24" LG

Air-Cooled Generator Genpad and Exide Battery

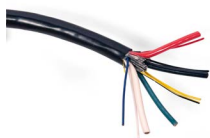

Norgas Fuel Regulators

- Designed to handle non-corrosive gas
- N5 series and NGR series features full internal relief
- Full line for both LP and NG

For a detailed catalog, contact Norgas.

To order contact Norgas Buy Direct Representative Aaron Easterly at **513-942-3600** or email aarone@norgas.com

TCER Conductor Cable

- Same colored wiring as a Generac generator
- Quick, easy identification of wires
- Can be installed in damp areas and direct burial
- Available in 100- and 250-foot coil rolls
- Available for gens up to 24kW in varying sizes
- Joist Pull Rated

To order contact Cable Master at **414-292-2175** or email generacorders@cablemaster.net

Shut-Off Valves with
Manometer Port

Save Time on Installation

AFTERMARKET ACCESSORIES

Pylex Generator Stands

- Quickly put together a stand for generators that need to be elevated
- Can be installed at varying depths to accommodate installations on pitched surfaces

To order contact Pylex at **1-800-246-1881** or email Pylex Representative Christian Boisclair at **ChristianBoisclair@pylex.com**.

Shut-Off Valves with Manometer Port

- Reduces diagnostic times
- Allows gas pressure to be tested outside of the generator instead of at the fuel regulators

Part Number:

½" Ball Valve – 0K8752

¾" Ball Valve – 0K8754

1" Ball Valve – 0K8184

1¼" Ball Valve – 0L2844

1½" Ball Valve – 0L2845

2" Ball Valve – 0L2846

To order email **AfterSales@Generac.com** or visit **<https://service.generac.com>**

Gen Cart

- Allows for 1 person to transport and place generator

Part Number:

G0056850

To order call Generac at **1-888-Generac** or visit **<http://dealerconnection.generac.com>**

Install Smart

TOOLS & ACCESSORIES

Dormont Flow Pro

- A great tool for testing fuel related issues
- Displays and logs the gas flow rate, capacity and pressure

Part Number:
A0000032418

Sure-Start

- Provides generator application flexibility, reduces stress on the generator when providing power to HVAC, eliminates light dimming or power interruption to sensitive electronics during AC/HP starts
- Provides up to a 60% reduction in locked rotor start-up on air conditioning units

Part Numbers:
10000003764 - 208 / 230v (08-16) RLA
10000003756 - 208 / 230v (16-32) RLA

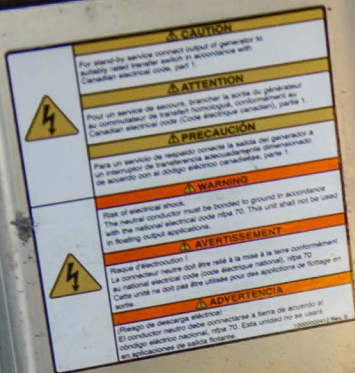

Manometer

- Used to test gas pressure directly at the generator or at the fuel shut-off valve

Part Number:
0C8013A

Accounts with access to GenService, visit <https://service.generac.com>. Those without access, email AfterSales@Generac.com to place your order.

Oil System Drain Pump Kit

- Drill operated pump
- This pump will speed up the draining process of the oil
- Helps keep installation area clean from oil

Part Number:

OK9321

Test Kits

- Offers complete in-field analysis for issues related to oil, coolants, and fuel to prevent breakdowns

Part Number:

0L4701 - Basic Oil Analysis

0L4701A - Advanced Oil Analysis

0L4701B - Basic Coolant Analysis

0L4701C - Advanced Coolant Analysis

0L4701D - Basic Diesel Fuel Analysis

0L4701E - Advanced Diesel Fuel Analysis

Test Lead Kits

- To test wiring where access to pins or connection points are not accessible
- Includes:
 - 1 set alligator adapters 0J0946B
 - 1 set of .5mm tipped test lead adapters 0J0946A
- These adapters are connected to the Digital Volt Ohm Meter leads to aid in testing pin connectors

Part Number:

0J09460SRV

Accounts with access to GenService, visit <https://service.generac.com>. Those without access, email AfterSales@Generac.com to place your order.

Spark Tester

- Quick, easy and proper way to check the spark of the magneto ignition coil

Part Number:
0C5969

Molex Pin Extractor

- Used to remove pins from a molex wire connector, essential in verifying the pin/plug is not distorted, bent, or not making electrical contact

Part Number:
0K4445

Have The Right Tools For The Job

We know the right tools can help make the job easier. That's why we recommend purchasing these accessories from your local electrical wholesaler or distributor.

Fuel Sweeps/Risers/Fittings

- Used in conjunction with polypipe
- Half the cost of rigid risers and other alternatives
- Fuel risers available
- Reduces the need for welding and underground splicing

Car Flex

- Light-weight, non-metallic alternative used to run wire from the house to generator

Poly Cutter

- Easily cuts through poly, rubber, and plastic pipe

Ratchet Cutter

- Quick, easy cutting of copper and aluminum wire

Polypipe, Tracer Wire & Holders

- Light-weight, cost-effective solution when fuel delivery needs to be buried underground

CE/SER Cable

- Aluminum cost-effective alternative to copper

Generac Fuel Treatments

Generac 2-in-1 Gasoline Quality Test

- 100 count swabs
- Test for phase separation and fuel decay
- Two-part test for fuel or water
- Keeps bad fuel out of equipment
- Identify fuel-related issues to reduce warranty claims

Part Number:
A0000019002

Corrosion Inhibitor and Protectant

- Renew and protect all outdoor items
- Formulated with corrosion inhibitors, carnauba wax, UV protection, anti-rust, release agents and pleasant scent/odor controlling agents

Part Number:
A0000019001

Fuel-Life™ Fuel Stabilization Device

- Stabilizes fuel by removing water and contaminants that cause corrosion, phase separation and fuel decay
- Works in all fuels and blends
- Reduces fuel related problems due to fuel contaminants, including water
- No measuring, no mess – insert device for year-round protection

Part Number:
A0000018966

Ultrasonic Cleaner Solution

- Metal or plastic surfaces
- Engineered to clean the toughest contaminants
- Biodegradable, non-toxic, water-based formula
- Ultra-concentrated, anti-corrosive, anti-evaporation formula

Part Number:
A0000018981

Generac Fuel Treatments

Gas Fuel System Fix

- Revitalize stale fuel due to increased water content at the pump
- Replaces lost octane with added octane booster
- Cleans equipment's fuel system, allowing for improved efficiency

Part Number:
A0000018964

Gasoline Stabilizer

- Year-round engine protection
- Keeps fuel fresh and slows aging
- Antioxidant package

Part Number:
A0000018958

All-in-One Protection Diesel Fuel Additive

- Improves fuel efficiency
- Reduces smoking and emissions
- Cetane improvement
- Water protection

Part Number:
A0000018975

Diesel Fuel Tank Water Absorbers

- Neodymium magnets remove insoluble rust
- Easy installation and removal by high strength tether line
- A0000018988 – Diesel Fuel Tank Water Absorber
 - 36in long x 2in diameter
 - Removes water and salt water
 - Reusable
- A0000019000 – Diesel Fuel Tank Water Absorber with Fuel Life Technology
 - 36in long x 2.5in diameter
 - Fuel Life technology
 - Removes water, DEF, most antifreeze, and ethanol
 - Disposable

Generac Hand Tools

TOOLS AND ACCESSORIES

Generac branded Snap-on are designed with strength and durability.

Technician Kit - Part Number A0000081442

3/8 Drive Sockets

- 72 piece set

Model Number
GN28072

Torque Wrench

- 1/2" Drive, 250 Lb. Ft.

Model Number
GN39250

Tote Bag with Zipper

Model Number
GN50001

Tote Bag with Metal Handle

Model Number
GN50002

Utility Tool Kit

- 52 piece set

Model Number
GN99952

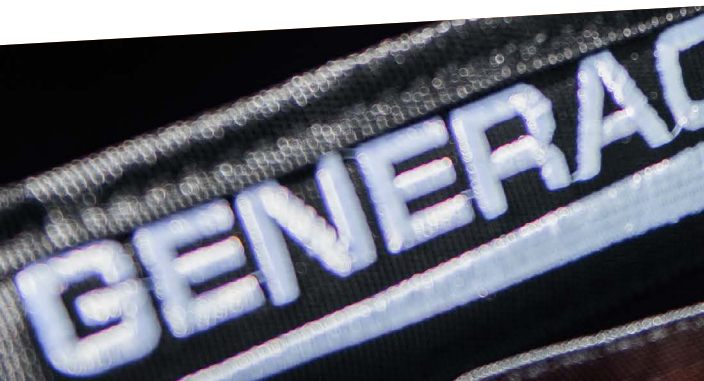

General Service Tool Kit

- 80 piece set

Model Number
GN99980

Maintenance Kits

TOOLS AND ACCESSORIES

A scheduled maintenance program will ensure that your customers' units are always in top operating condition and that your warranty requirements are met. Please refer to the service chart for our recommended service and maintenance schedule. Generac offers a comprehensive line of scheduled maintenance kits to ensure long life and top performance of your standby generator system.

SERVICE SCHEDULED MAINTENANCE KITS (WITH OIL)

Pre Evolution Controller Series Kits

DESCRIPTION	PART NUMBER
7 kW SM 410 Home Standby with 5W-30 SYN oil	0J62470SSM
8/9 kW SM KIT 410 Home Standby with 5W-30 SYN oil (post 2008 models only)	0J57640SSM
10 kW SM KIT GT530 Home Standby with 5W-30 oil (post 2008 models only)	0J57660SSM
12-17 kW SM KIT Home Standby 760/990 Extended Life 5W-30 oil (including 2008 models)	0J57670SSM
20 kW SM KIT Home Standby 999 with 5W-30 SYN oil (post 2008 models only)	0J57680SSM

Post Evolution Controller Series Kits

DESCRIPTION	PART NUMBER
6 kW SM KIT EcoGen 530cc with 5W-30 SYN oil	0J57840SSM
8 kW SM KIT 2013 Evolution unit 5W-30 SYN oil	0J93200SSM
11 kW SM KIT Rectangle Air Filter-Evolution Unit 5W-30 Synthetic oil	0J93210SSM
13-17 kW SM KIT Rectangle Air Filter-Evolution Unit 5W-30 Synthetic oil	0J93220SSM
22 kW SM KIT Rectangle Air Filter-Evolution Unit 5W-30 SYN oil	0J93230SSM

See GenService or email AfterSales@Generac.com for a downloadable detailed list of these kits and other maintenance items.

Tote Bag with Metal Handle

Distributor/Dealer Engine Oil Program

Generac is excited to announce a new partnership with Lube-Tech that gives all partners the opportunity to purchase API Certified Generac Engine Oil.

PROGRAM DETAILS:

- All orders must be placed through Generac - see details below on how to order
- One (1) pallet minimum if ordering from vendor Lube-Tech
- One (1) case minimum if ordering from Generac JDC
- Features 5W-30 Full Synthetic, 10W-30 and 15W-40 - see below for bottle size availability
- Products will ship from either Generac or direct from Lube-Tech - see chart below for details by part number
- All part numbers listed below count toward total Generac part purchases

PLACE YOUR OIL ORDER TODAY

Accounts with access to GENservice, place all orders through the portal.

Accounts without access to GENservice, contact AfterSales@generac.com for price inquiries and placing orders.

GENERAC BRANDED OIL

Ships From Vendor Lube-Tech - 1 Pallet Minimum

DESCRIPTION	PART NUMBER	ORDER QUANTITY (PER PALLET)
5W-30 Full Synthetic – 1 quart / 0.95L bottle, case of 12	0J5324A	70
5W-30 Full Synthetic – 5 quart / 4.7L jug, 3-pack case	0J5323A	56
5W-30 Full Synthetic – 55 gallon / 208L drum	0J5322A	4
15W-40 CK-4 Heavy Duty Synthetic Blend – 1 gallon / 3.8L jugs, 3-pack	0J5160A	54
15W-40 CK-4 Heavy Duty Synthetic Blend – 5 gallon / 19L pail	0J5171	36
15W-40 CK-4 Heavy Duty Synthetic Blend – 55 gallon / 208L drum	0J5159A	4

See individual spec sheets on GenService or email AfterSales@Generac.com for more information.

GENERAC BRANDED OIL

Ships From Generac Distribution Center - 1 Case Minimum

DESCRIPTION	CASE NUMBER	ORDER QUANTITY (PER CASE)
5W-30 Full Synthetic – 1 quart / 0.95L bottle	0J5141	12
5W-30 Full Synthetic – 5 quart / 4.7L jug	0K7635	3
SAE-30W – 1 quart / 0.95L bottle	0J5004	12
10W-30 Full Synthetic – 1 quart / 0.95L bottle	0K3886	12
10W-30 – 1 quart / 0.95L bottle	0J5139	12
10W-30 - 5 quart / 4.7L jug	0J5144	3
15W-40 CK-4 Heavy Duty Synthetic Blend – 1 gallon / 3.8L jugs	0J5146	3

See individual spec sheets on GenService or email AfterSales@Generac.com for more information.

Antifreeze/Coolant Program

Generac is excited to announce a new partnership with Lube-Tech to bring all partners the opportunity to purchase Generac antifreeze/coolant.

PROGRAM DETAILS:

- Orders must be placed through GENservice/ Billed through Generac. See details to the right on how to order.
- One (1) pallet minimum for all orders
- Available in Ethylene Glycol and Propylene Glycol
- Ships to Generac dealers directly from supplier
- Freight included in the price of the coolant
- Available in one-gallon bottles, 55-gallon drums, and select five-gallon pails
- Part numbers listed below count toward total Generac part purchases

PLACE YOUR COOLANT ORDER TODAY

Accounts with access to GENservice, place all orders through the portal.

Accounts without access to GENservice, contact **AfterSales@generac.com** for price inquiries and placing orders.

DESCRIPTION	PART NUMBER	ORDER QUANTITY
Light Duty Coolant 50/50 EG - 1 gal / 3.8L bottle (6/case) - 27 per pallet	0J5164A	1 Case
Extended Life Coolant 50/50 EG - 1 gal / 3.8L bottle (6/case) - 27 per pallet	0J7992	1 Case
Heavy Duty Coolant 50/50 EG - 1 gal / 3.8L bottle (6/case) - 27 per pallet	0J5166A	1 Case
Heavy Duty Coolant 50/50 EG - 55 gal / 208L drum - 4 per pallet	0J5167A	1 Drum
Heavy Duty Coolant EG - 5 gal / 19L pail - 36 per pallet	0J7958	1 Pail
Heavy Duty Coolant 50/50 PG Antifreeze - 5 gal / 19L pail - 36 per pallet	0J7959	1 Pail

See individual spec sheets on GenService or email AfterSales@Generac.com for more information.

Partnership Programs

Generac's partnership with Toro provides a smoother installation process by connecting you with the essential tools to keep business moving.

- Generac Dealers receive premium access to Toro Dingo Narrow Trax Series
- Dingo's 34-inch track allows for access through standard yard gates
- Attachments allow for one-person generator unloading and placement
 - Bore Tool - Burrow for wire and fuel pipes
 - Blades - Grading
 - Forks - Transport pallets
 - Trencher - For burying cable/pipe in open earth

DEALER EXCLUSIVE BENEFITS

- 17% off
- Financing available
- Free shipping & no additional tax costs (based on local tax ID rules)
- Extended warranties available (participating Toro Dealers only)

For more information about the Toro Siteworks Equipment Dealer Exclusive, contact a Toro dealer near you. Visit [Toro.com](https://www.toro.com) to find your nearest dealer.

Veto Pro Pac and Generac have partnered for 2021 to bolster your success in the field.

- Designed by tradesmen for tradesmen
- Durable denier nylon and riveted poly base
- 3mm lined polypropylene waterproof material
- Five-year warranty
- Use co-op dollars for custom logo embroidery

Visit vetopropac.com/generac10 to take advantage of your 10% discount and to learn more about Veto Pro Pac.
